Test: How far did it go? _____

Cut the following sail shapes from cardstock, cardboard or stiff paper. The shapes can be re-used between sail car groups.

C

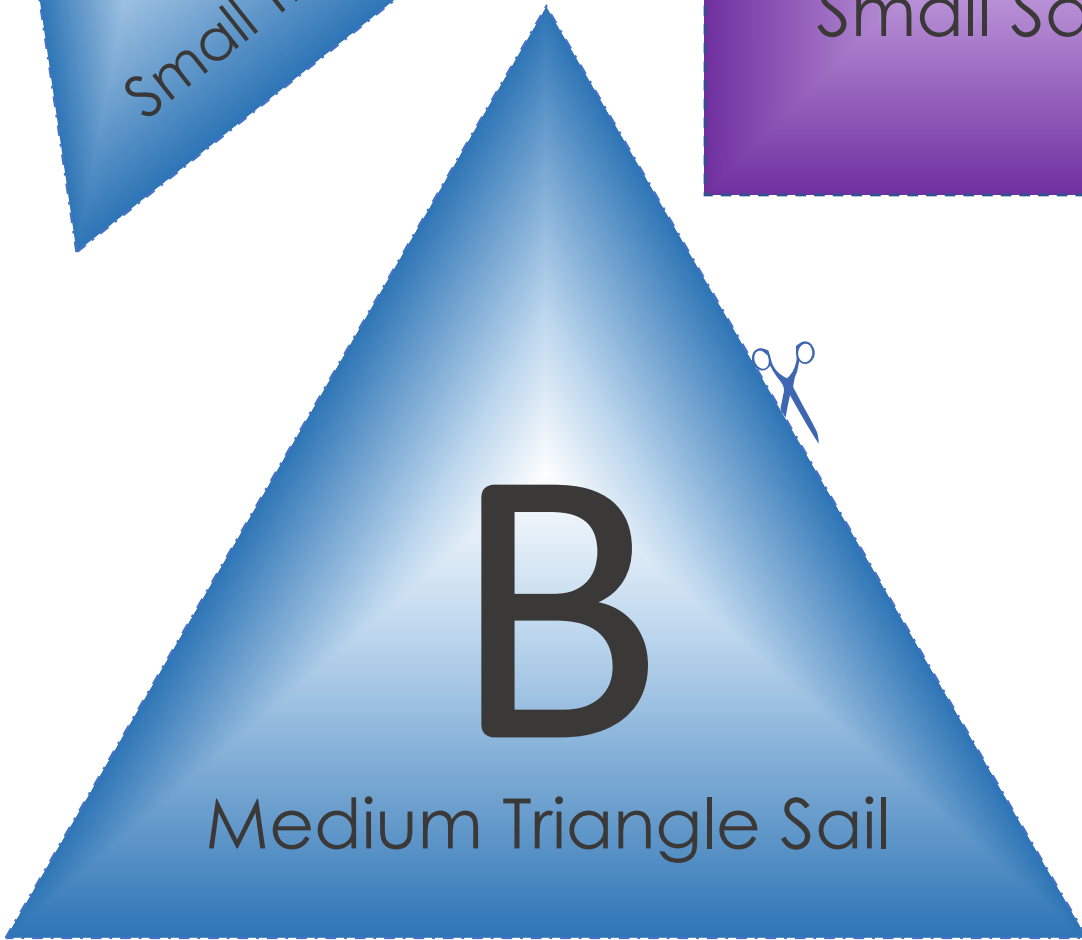

Large Circle Sail

Interesting Note: The large sails have twice the area of the medium sails. The medium sails have twice the area of the small sails. If you're following the math... that makes the large sail FOUR times larger than the small sail.

C

Large Triangle Sail

B

Medium Square Sail

C

Large Square Sail
