

What is the TeacherGeek STEM Cart?

Iowa Governor's STEM Advisory Council Awardee

The Ultimate Solution

The Governor's STEM Advisory Council has chosen TeacherGeek as an exemplary STEM program, proven to inspire and educate Iowa PreK-12 students by way of unparalleled engineering labs and challenges. TeacherGeek's STEM Cart is the ultimate mobile making station, packed to the brim with tools and building components to help educators of all levels deliver the highest quality STEM experiences to their students.

Best of all... **You can get it for FREE!**
(all you have to do is apply)

THE
ULTIMATE
STEM
Solution!!

Real Engineering

TeacherGeek projects evolve over time and with the student's understanding. There is no perfect design, so students are never done/bored. Students learn from failures, pulling in math and science while truly innovating and engineering. Plus, building with high quality TeacherGeek parts means students can really use and learn from data gathered during experiments.

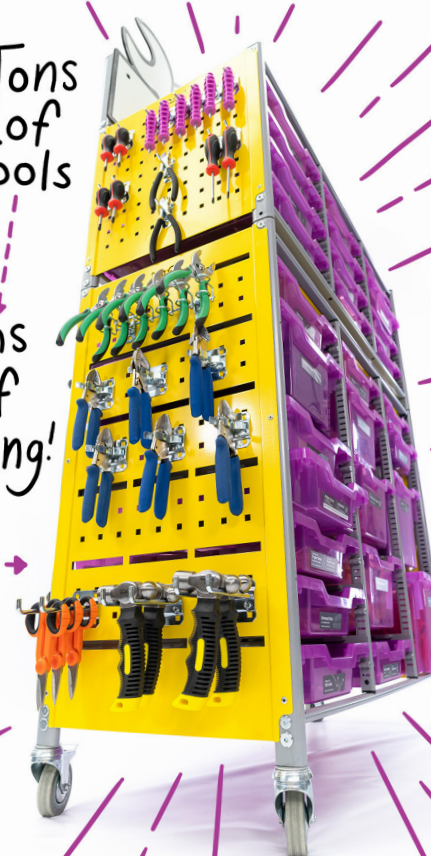

Maker Cart Activities:

- Breaking Bridges
- Wiggle-Bots
- Air Racers
- Mini Wind Turbines
- Rubber Band Racers
- Electromagnets
- Build-A-Boats
- Hydraulic Claws
- Sail Cars
- Projectile Launchers
- Wind Pumps
- ...& LOTS More!

Tons
of
Tools

Tons
of
Making!

LOTS of Stuff

Backed by over 40 STEM/STEAM activities and over 18,000 components (that's an entire pallet), one Maker Cart can support hundreds of students and their projects. Projects are so low cost, students often take them home. TeacherGeek projects range in grade level from kindergarten all the way through the 12th grade!

Comes with TONS of extra components!!

>18,000
TeacherGeek
Components!!
WOAH!

Incredible Free Resources

TeacherGeek offers free, downloadable, editable, self-directed engineering challenges, classroom labs, overviews, scenarios, videos, and more to take the Maker Cart to the next level. All activities and documents are aligned to NGSS, Common Core and other state & national Education Standards.
