

Combo Kit Start Guide

2

Select a project! Combine the parts in the **Project Bag** with your **Shared Parts** to create...

Empty your **Shared Parts Bag** into the box. These are your reusable parts.

4

When you're done, break it down and put the parts back in the box. Now you have even more **Shared Parts!**

3

...your **Example Build!** From there you refine and experiment with your design to create even **cooler stuff!**
